

Vikram Malhotra - Curriculum Vitae

CANDIDATE INFORMATION

Vikram Malhotra
Email: vikram.malhotra@example.com | Candidate ID: C05

TECHNICAL SKILLS

- ECMAScript, Frontend Architecture, Backend Engineering, Express, NoSQL, Microservices, Docker, AWS, Git

WORK EXPERIENCE

- Backend Developer Intern at AlphaCore: Built backend microservices and exposed JSON web endpoints for asynchronous data processing.
- Authored component-driven web interfaces using modern ES6+ paradigms and stateful workflows.
- Structured high-performance document database models and query caching.
- Packaged microservices into Docker containers for cloud hosting on AWS EC2.

KEY PROJECTS

- Distributed Stream Processor: Microservice application handling web requests and storing unstructured records in document database.
- Interactive Analytics Portal: Web client utilizing component lifecycles and asynchronous API communication.

EDUCATION

- B.Tech in Computer Science, BITS Pilani

CERTIFICATIONS

- AWS Solutions Architect Associate
